Re: Boomerang Wireless, LLC
Application for Designation as an Eligible Telecommunications Carrier

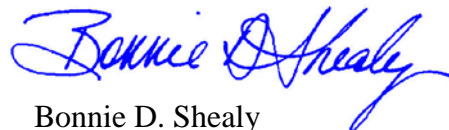

Dear Jocelyn:

Enclosed for filing please find the Application of Boomerang Wireless, LLC for designation as an eligible telecommunications carrier in South Carolina. Boomerang seeks the designation throughout the non-rural South Carolina service areas for the purpose of receiving federal low-income universal service support for prepaid wireless service, specifically Lifeline. Boomerang does not seek the ETC designation for the purpose of receiving federal support from the high-cost support mechanism or for providing service on a wireline basis. We are providing a copy of the application to the Office of Regulatory Staff by copy of this letter.

I will be on vacation from July 16th through July 19th and respectfully seek the Commission's protection from scheduling the hearing on this case during that week. If there is any problem in providing me with this protection, I would ask that you or any counsel representing any parties in this case let me know by June 18th so that appropriate arrangements can be made. If you have any questions, please have someone on your staff contact me.

Very truly yours,

ROBINSON, MCFADDEN & MOORE, P.C.

**APPLICATION OF BOOMERANG WIRELESS, LLC FOR
DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER**

I. INTRODUCTION

Boomerang Wireless, LLC (“Boomerang” or the “Company”), by and through its undersigned counsel, and pursuant to Section 214(e) of the Federal Communications Act of 1934, as amended (the “Act”), 47 U.S.C. § 214(e), the implementing rules of the Federal Communications Commission (“FCC”), 26 S.C. Code Regs. 103-690 (Supp. 2011) hereby requests that the Public Service Commission of South Carolina (“Commission”) designate Boomerang as an Eligible Telecommunications Carrier (“ETC”) throughout the non-rural South Carolina service areas (the “Service Area”) for the purpose of receiving federal low-income universal service support for prepaid wireless services, specifically Lifeline. **Exhibit “A”** contains a list of each exchange for which Boomerang is requesting ETC status in the State of South Carolina. Boomerang does *not* at this time seek ETC designation (1) for the purpose of

receiving federal universal service support for providing service to high-cost areas or (2) on a wireline basis.¹

Boomerang respectfully requests that the Commission grant this Application and that it do so expeditiously so that Boomerang may begin providing wireless Lifeline service to qualified low-income households at the earliest practicable time.

Correspondence or communications pertaining to this Application should be directed to Boomerang's attorneys of record:

¹ Boomerang seeks only Lifeline support from the low-income mechanism of the federal Universal Service Fund ("USF") and is not seeking support from the high-cost support mechanism. ETC certification requirements related to the high-cost program are therefore not applicable to Boomerang's application.

II. UNIVERSAL SERVICE OFFERING

A. Company Overview

Boomerang Wireless, LLC is an Iowa limited liability company with its principal offices located at 955 Kacena Road, Suite A, Hiawatha, Iowa 52233. The Company's Articles of Incorporation and its authorization to transact business in South Carolina are attached hereto as **Exhibit "B."**

The Company has applications pending in 15 states for designation as an ETC on a wireless basis for federal support for Lifeline services.² Boomerang has never been denied ETC designation by any state commission or by the FCC in connection with any state.

Questions concerning the ongoing operations of Boomerang following certification should be directed to:

Boomerang attaches as **Exhibit "C"** a current list of its officers, along with biographical information for each, showing that it has the expertise necessary to provide the services specified herein.

Boomerang, in its provision of wireless services, will offer resold services which Boomerang will obtain from its underlying wireless providers, Sprint, Verizon and other GSM carriers. This extended footprint through multiple carriers allows Boomerang to provide

² Boomerang has ETC applications currently pending before state commissions in Arkansas, Georgia, Iowa, Louisiana, Michigan and Oklahoma. In addition, Boomerang has a pending petition before the FCC for granting ETC designations in Alabama, Connecticut, Delaware, The District of Columbia, New Hampshire, New York, North Carolina, Tennessee and Virginia, WC Docket No. 09-197 (filed Dec. 29, 2010).

expanded coverage throughout otherwise underserved markets.

Boomerang has developed and implemented a diverse network that delivers all of the services required by the federal Lifeline guidelines, and employs both Verizon and Sprint, as well as other GSM carrier networks to ensure ubiquitous coverage. Additionally, Boomerang operates a network data facility located in Marion, Iowa, which is on line with Boomerang's remote call authorization array located at 630 E. Government Street, Pensacola, Florida 32502, and its network switch platform located at 5500 REC Drive, Marion, Iowa 52302. All wireless voice traffic is monitored through gains network authorization/access from Boomerang's call authorization platform on a per call basis. This same intelligent calling platform is used to transmit calls to the underlying carrier network for call completion, as well as communication to Boomerang's IVR platform. International long distance, operator services, and directory services traffic passes through the Boomerang network system.

The call authorization equipment manages account balances and also tracks and reports usage activity by line in real time. Boomerang's network operation center has protected power and diverse network feeds to protect against electric and/or phone company outage.

B. Proposed Lifeline Offering

Boomerang will offer qualified consumers the Boomerang Wireless Lifeline Service Plan. Under the Plan, qualified Lifeline customers who reside in South Carolina will be provided with the following optional plans of free anytime local and long distance minutes:

- (a) 68 units that rollover where 1 minute equals 1 unit and 3 texts equal 1 unit;
- (b) 125 units that rollover where 1 minute equals 1 unit and 1 text equals 1 unit; and
- (c) 250 units without rollover where 1 minute equals 1 unit and 1 text equals 1 unit.

The terms and conditions of its voice telephony service plans offered to Lifeline subscribers are detailed on page 12 of the Compliance Plan attached hereto as **Exhibit “D”** and on the Terms of Service attached hereto as **Exhibit “F”**.

If reasonably and fairly required by the Commission to adjust its service plans to achieve comparability in order to meet standards in the public interest, Boomerang commits to making any such adjustment. All low-income universal service support will be used to allow Boomerang to provide the service with no monthly recurring charge, thus ensuring that consumers receive the full benefit of the universal service support funding for which Boomerang will seek reimbursement. In the event that all airtime has been used, Lifeline customers will also have the capability of purchasing additional airtime in the following denominations: \$5, \$10, \$20, \$30, and \$50.³ Boomerang will not deduct airtime minutes for calls by Lifeline customers with service addresses for Lifeline service in South Carolina, to Boomerang’s Customer Service (via 611 or other designated toll-free access dialing) and calls from Boomerang’s Customer Service to such Lifeline customers to address billing, customer care and customer service issues.

Airtime replenishment cards will be made available at many retail outlets frequented by low-income customers throughout the Service Area such as CVS, Dollar General, Walgreens, Seven-Eleven, Fred’s, Rite Aid, as well as from Boomerang’s website.

The wireless plan will also include a free handset and the following custom calling features:

- (a) Caller ID;
- (b) Call Waiting;
- (c) Call Forwarding;
- (d) 3-Way Calling; and
- (e) Voicemail.

³ The additional bundles of minutes and texts purchased at the various dollar levels are presented in **Exhibit “D”**, at Page 12.

Under Boomerang's proposed low-income wireless offering, each eligible wireless customer will receive a 911 compliant handset at no cost to the subscriber. Attached hereto as **Exhibit "G"** is information regarding the handsets issued by Boomerang to its customers. Wireless handsets will be delivered at no charge to qualifying customers, service will be activated, and the requisite number of minutes will be added upon certification of the customer for Lifeline.

C. Plan Enrollment and Prevention of Fraud, Waste and Abuse

Boomerang will comply with the uniform eligibility criteria established in new section 54.409 of the FCC Rules⁴ and 26 S.C. Code Regs. 103-690.1(E)(a)(4). Subscribers will be required to demonstrate eligibility based at least on: (1) household income at or below 135% of the Federal Poverty Guidelines for a household of that size; (2) the household's participation in one of the federal assistance programs listed in new section 54.409(a)(2); or (3) meeting eligibility criteria established by South Carolina for its residents, provided such criteria are based solely on income or factors directly related to income per new section 54.409(a)(3) of the FCC Rules. In addition, the Company will confirm that the subscriber is not already receiving a Lifeline service and no one else in the subscriber's household is subscribed to a Lifeline service.

Boomerang will implement certification policies and procedures that enable consumers to demonstrate their eligibility for Lifeline assistance to Company personnel as detailed in the *Lifeline Reform Order*, together with any additional state certification requirements.⁵ Consistent with federal requirements, Boomerang requires customers to certify at the time of service activation and annually thereafter that they: 1) are the head of household; 2) participate in one of the state-approved means tested programs; 3) will be receiving Lifeline-supported services only

⁴ 47 C.F.R. § 54.409 (effective June 1, 2012).

from Boomerang; 4) do not currently receive Lifeline support; and 5) will notify Boomerang in the event that they no longer participate in the qualifying program.

If Boomerang has a reasonable basis to believe that one of its Lifeline subscribers no longer meets the eligibility criteria, the Company will notify the subscriber of impending termination in writing and in compliance with any state dispute resolution procedures applicable to Lifeline termination, and give the subscriber 30 days to demonstrate continued eligibility.⁶ A demonstration of eligibility must comply with the annual verification procedures found in Section 54.410(f), including the submission of a certification form.⁷

Furthermore, Boomerang commits to comply with the FCC's 60-day non-usage policy, as described in the *Lifeline Reform Order*.⁸

III. COMMISSION HAS JURISDICTION TO DESIGNATE WIRELESS ETCs

Section 214(e)(2) of the Communications Act authorizes state commissions such as the Public Service Commission of South Carolina to designate ETC status for federal universal service purposes.⁹ The FCC has further ruled that Section 214(e)(2) “provides state commissions with the primary responsibility for designating ETCs.”¹⁰

The FCC has promulgated rules governing ETC designations, set forth at 47 C.F.R. § 54.101, §§ 54.201-203, and §§ 54.205-207 (the “FCC Rules”) to establish various requirements for carriers to obtain ETC status. Applicants seeking ETC status in South Carolina must address and satisfy each of the ETC designation criteria under the FCC Rules and 26 S.C. Code Regs.

IV. BOOMERANG SATISFIES THE REQUIREMENTS FOR ETC DESIGNATION

Section 254(e) of the Act provides that “only an eligible telecommunications carrier designated under section 214(e) shall be eligible to receive specific federal universal service support.” Section 214(e)(1) of the Act and Section 54.201(d) of the FCC’s rules provide that ETC applicants must be common carriers that will offer all of the services supported by universal service, either using their own facilities or a combination of their own facilities and the resale of another carrier’s services, except where the Commission has forbore from the “own facilities” requirement. Applicants must also commit to advertise the availability and rates of such services.¹¹ As detailed below, Boomerang satisfies each of these requirements.

A. Boomerang Will Provide Service Consistent with the FCC’s Grant of Forbearance

In its Lifeline Reform Order, the FCC decided to forbear, on its own motion, from applying the facilities requirement of Section 214(e)(1)(A) to any telecommunications carrier that seeks limited ETC designation to participate in the Lifeline program, conditioned on the ETC’s compliance with certain 911 requirements and the ETC’s filing with and approval by the FCC of a compliance plan describing the ETC’s adherence to certain protections prescribed by the FCC (“Blanket Forbearance”).

Boomerang seeks limited ETC designation in South Carolina to participate in the Lifeline program and has opted to pursue Blanket Forbearance. On April 12, 2012, Boomerang filed its Amended Compliance Plan (“Compliance Plan”) with the FCC. The Compliance Plan is

¹¹ See 47 U.S.C. § 214(e)(1) and 47 C.F.R. § 54.201(d)(2).

attached hereto as **Exhibit “D.”**¹² Boomerang will provide the Commission a copy of the FCC’s approval of the Compliance Plan when received.

B. Boomerang is a Common Carrier.

Only a “common carrier” receiving designation as an ETC under 47 U.S.C. § 214 is eligible to receive subsidies from the federal USF. Wireless carriers are common carriers under federal law.¹³ Common carriers that provide services consistent with the requirements of Section 214(e) may be deemed ETCs.¹⁴ Section 214(e)(1) of the Act¹⁵ provides:

A common carrier designated as an eligible telecommunications carrier under paragraph (2), (3), or (6) shall be eligible to receive universal service support in accordance with section 254 of this title and shall, throughout the service area for which the designation is received—

(A) offer the services that are supported by Federal universal service support mechanisms under section 254(c) of this title, either using its own facilities or a combination of its own facilities and resale of another carrier’s services (including the services offered by another eligible telecommunications carrier); and

(B) advertise the availability of such services and the charges therefore using media of general distribution.¹⁶

Boomerang is regulated as a common carrier in connection with its provision of Commercial Mobile Radio Service (“CMRS”).¹⁷ Therefore, Boomerang certifies that it is a common carrier under 47 U.S.C.A. § 214(e)(1) for purposes of ETC Designation.

¹² The Company’s Compliance Plan filed with the FCC is a public document and subject to comment at the FCC, which has determined to treat the filing as a “permit-but-disclose” proceeding in accordance with the FCC’s *ex parte* rules, found at 47 C.F.R. §§ 1.1200 *et seq.* See, *FCC Public Notice DA 12-314*, WC Docket Nos. 09-197, 11-42, Released February 29, 2012.

¹³ 47 U.S.C. § 332(c)(1).

¹⁴ 47 U.S.C. § 214(e)(6) provides that wireless carriers not otherwise subject to state commission jurisdiction shall be designated as ETCs if they meet the requirements of 47 U.S.C. § 214(e)(1) consistent with applicable federal and state law.

C. Boomerang Will Provide All Required Services and Functionalities

Boomerang will offer all required services and functionalities. Section 214(e)(1)(A) of the Act¹⁸ requires an ETC to offer the services that are supported by federal universal service support mechanisms under section 254(c). Effective December 29, 2011, pursuant to the *USF/ICC Transformation Order*¹⁹, as further clarified by the *USF/ICC Order on Reconsideration*²⁰, the FCC eliminated its former list of nine supported services and amended section 54.101(a) of its rules to specify that “voice telephony service” is supported by the federal universal service mechanisms. The amended Section 54.101(a) and its list of supported services reads as follows:

§ 54.101 Supported services for rural, insular and high cost areas.

(a) Services designated for support. Voice telephony service shall be supported by federal universal service support mechanisms. The functionalities of eligible voice telephony services include voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charge to end users; access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier’s service area has implemented 911 or enhanced 911 systems;

and toll limitation for qualifying low-income consumers (as described in subpart E of this part).

Through its service arrangements with underlying carriers, Boomerang is able to offer all of the services and functionalities required by S.C. Code Regs. 103-690(C)(a) and Section 54.101(a) and 54.202(a) of the FCC Rules including the following:

1. Voice Grade Access to the Public Switched Telephone Network

Boomerang will offer voice telephony services as described in the amended Section 54.101 of the FCC Rules.²¹ To the extent that the Commission continues to require ETCs to provide those services supported by federal universal service support mechanisms previously enumerated in 47 C.F.R. § 54.101(a), Boomerang commits to continue to satisfy state voice service requirements.²²

2. Local Usage

Boomerang's service will include local usage that allows customers to originate and terminate calls within a local calling area without additional charge to end users. Boomerang's service plan was previously described. *See also* **Exhibit "D,"** p. 12, and **Exhibit "F."**

3. Access to Emergency Service

The Company also will provide access to emergency services provided by local government or public safety officials, including 911 and enhanced 911 ("E911") where available and will comply with any Commission requirements regarding E911-compatible handsets. As discussed above, the Company will comply with the Commission's forbearance grant conditions relating to the provision of 911 and E911 services and handsets. Boomerang also commits to remit 911 revenues to local authorities. The Company commits to pay in a timely manner all

²¹ 47 C.F.R. §§ 54.101(a).

²² USF/ICC Transformation Order at ¶ 82.

applicable federal, state and local regulatory fees, including but not limited to universal service and E911 fees.²³

4. Toll Limitation for Qualifying Low-Income Customers

Boomerang will not provide toll limitation service (“TLS”), which allows low-income consumers to avoid unexpected toll charges. However, since the Company is a prepaid service provider, customers cannot be disconnected for failure to pay toll charges, nor are there additional charges for exceeding their minutes. Further, the Company, like most wireless carriers, does not differentiate domestic long distance toll usage from local usage and all usage is paid for in advance. Pursuant to the *Lifeline Reform Order*, subscribers to such services are not considered to have voluntarily elected to receive TLS.²⁴

5. Other Services

Additionally, Boomerang offers its customers access to operator services, interexchange service and directory assistance through Boomerang’s own facilities.²⁵

D. Boomerang Will Meet the Additional Requirements for Designation Established by the Commission and the FCC’s Regulations

The requirements for designation of ETCs were recently amended by the FCC. Effective April 2, 2012, 47 C.F.R. § 54.202 imposes a number of changed requirements in order to be designated an ETC under Section 214(e)(6). Boomerang will comply with the requirements of

²³ See TracFone Wireless, Inc. Petition to Rescind State 911/E911 Condition, FCC Docket No. 96-45 (May 3, 2010).

²⁴ Lifeline Reform Order at ¶ 230.

²⁵ Prior to the FCC’s issuance of the USF/ICC Transformation Order and USF/ICC Order on Reconsideration, Boomerang offered access to operator services, interexchange service and directory assistance in compliance with 47 C.F.R. §§ 54.101(a)(1)-(9) and Section 214 of the Telecommunications Act. Boomerang recognizes that following issuance of the USF/ICC Transformation Order and USF/ICC Order on Reconsideration, offering access to these services is no longer sufficient to meet the “own facilities” requirement. Boomerang has made the business decision to continue to offer these services to its customers.

47 C.F.R. § 54.202, effective April 2, 2012, and will comply with the South Carolina requirements for initial designation pursuant to 26 S.C. Code Regs. 103-690 as illustrated below.

1. **Commitment to Provide Service**
26 S.C. Code Regs. 103-690(C)(a)(1)(A)

Boomerang hereby makes a commitment to provide service throughout its proposed ETC designated service area to all customers who make a reasonable request for service. If Boomerang's network already passes or covers the potential customer's premises, Boomerang will provide service immediately. For those instances where a request comes from a potential customer within Applicant's proposed ETC Designated Area but outside its existing network coverage, Applicant will provide service within a reasonable period of time if service can be provided at a reasonable cost utilizing one or more of the following methods: (1) modifying or replacing the requesting customer's equipment; (2) deploying a roof-mounted antenna or other equipment; (3) adjusting network or customer facilities; or (4) reselling services from another carrier's facilities to provide service.

Boomerang not only commits to provide service throughout its Service Area, but also commits to provide universal service in a timely manner to all customers who make a reasonable request for service pursuant to the FCC Rules.²⁶ If designated as a wireless ETC, Boomerang will provide service throughout its Service Area through a combination of its own facilities and the resale of services. Boomerang is willing to accept carrier of last resort obligations throughout the universal service areas in which Boomerang is designated as an ETC by the Commission.

²⁶ 47 C.F.R. § 54.202(a)(1) also requires the submission of a five-year plan demonstrating how high-cost universal service support will be used to improve the ETC's coverage, service quality and capacity. This requirement, however, is inapplicable to this application, since Boomerang is not seeking high-cost assistance.

2. **Advertising and Outreach Program**
26 S.C. Code Regs. 103-690(C)(a)(1)(C) & (a)(7)

This section requires an applicant to submit a two-year plan that describes the carrier's plans for advertising and outreach programs for indentifying, qualifying and enrolling eligible participants in the Lifeline program. Boomerang will announce and advertise telecommunications services as an ETC in its Service Area and will publicize the availability of Lifeline services in a manner reasonably designed to reach those likely to qualify for those services. Accordingly, more low-income South Carolina residents will be made aware of the opportunities afforded to them under the Lifeline program and will be able to take advantage of those opportunities by subscribing to Boomerang's service. A sample of Boomerang's planned advertising is attached hereto as **Exhibit "E."**

The FCC adopted specific requirements for Lifeline advertising in its *Lifeline Reform Order* with which the Company will comply.²⁷ Within the deadline provided in the *Lifeline Reform Order*, the Company will include the following information regarding its Lifeline service on all marketing materials describing the service: (1) it is a Lifeline service, (2) Lifeline is a government assistance program, (3) the service is non-transferable, (4) only eligible consumers may enroll in the program, (5) the program is limited to one discount per household; (6) documentation necessary for enrollment; (7) Boomerang's name (the ETC); and (8) notice that consumers who willfully make a false statement in order to obtain the Lifeline benefit can be punished by fine or imprisonment or can be barred from the program.²⁸ These statements will be included in all print, audio video and web materials (including social networking media) used to describe or enroll customers in the Company's Lifeline service offering, as well as the

Company's application forms and certification forms.²⁹ This specifically includes the Company's website and outdoor signage.³⁰

Boomerang is fully prepared to and will comply with the federal and state requirements that it advertise the availability of its services throughout its Service Area using media of general distribution.³¹ Boomerang further commits that it will also publicize the availability of Lifeline service in a manner reasonably designed to reach those likely to qualify for the service.³² Boomerang advertises the availability and prices of its services through a variety of media including its extensive retail distribution network which includes 1,098 retail locations in South Carolina and 47,568 retail locations nationwide stores, as well as from Boomerang's website and other online outlets. In total, more than 75,000 outlets nationwide will carry Boomerang's service soon to be expanded to over 255,000 locations nationwide. Accordingly, more low-income South Carolina residents will be made aware of the opportunities afforded to them under the Lifeline program and will be able to take advantage of those opportunities by subscribing to Boomerang's service. A sample of Boomerang's planned advertising is attached hereto as **Exhibit "E."** 26 S.C. Code Regs. 103-690(C)(a)(7) requires an acknowledgement that the company will advertise in a media of general distribution the availability of its Lifeline services and the applicable charges. Boomerang makes this acknowledgement in the Affidavit of James T. Balvanz attached as **Exhibit "H."**

3. Ability to Remain Functional in Emergency Situation
26 S.C. Code Regs. 103-690(C)(a)(2) and 47 C.F.R. § 54.202(a)(2),

Boomerang has the ability to remain functional in emergency situations. Since Boomerang is providing service to its customers through the use of facilities obtained from other

carriers it is able to provide to its customers the same ability to remain functional in emergency situations as currently provided by the carriers to their own customers, including access to a reasonable amount of back-up power to ensure functionality without an external power source, re-routing of traffic around damaged facilities, and the capability of managing traffic spikes resulting from emergency situations.

Boomerang, as well as its underlying carrier, Sprint, have created back-up systems to ensure full functionality in the event of a loss of power or network functionality. And, Boomerang's switching facilities are housed in a carrier-class data center with fully redundant power and HVAC, a controlled temperature and humidity environment, fire-threat detection and suppression, year-round critical monitoring and secure access with biometric security. The facility features redundant generators and redundant fiber optic connectivity. The data center is a reinforced concrete building located in a secure area and collocated with the area electrical utility headquarters. It is powered from separate paths independent of any one electrical generation plant. All systems within the facility are implemented on redundant servers, each with redundant data network and power.

**4. Consumer Protection and Commitment to Provide Quality Service
26 S.C. Code Regs. 103-690(C)(a)(3) and 47 C.F.R. 54.202(a)(1) & (2)**

An ETC applicant must demonstrate that it will satisfy all consumer protection and service quality standards pursuant to 26 S.C. Code Reg. 103-690(C)(a)(3). The Commission and the FCC have determined that a commitment by wireless applicants to comply with Consumer Code for Wireless Service – adopted by the Cellular Telecommunications and Internet Association's ("CTIA") satisfies this requirement.³³ Per the requirements of 47 C.F.R. § 202(a)(1)(i) Boomerang certifies that it will comply with the service requirements applicable to

³³ 47 C.F.R. § 54.202(a)(3). See certification attached as Exhibit H.

the low-income support it receives as a result of designation as an ETC for purposes of receiving Lifeline.

Boomerang will satisfy all consumer privacy protection standards as provided in 47 C.F.R. § 64, Subpart U as applicable and will protect Customer Proprietary Network Information (“CPNI”) as required by state and federal law and will certify compliance with the same on an annual basis.³⁴

On an annual basis Boomerang will certify its compliance with the CTIA Consumer Code and report the number consumer complaints or trouble reports per 1,000 handsets or access lines consistent with the FCC’s *USF Order*³⁵ and 26 S.C. Code Reg. 103-690(B)(a) and (b)(4). Boomerang in general commits to satisfying all applicable state and federal requirements related to consumer protection and service quality standards.

**5. Comparable Local Usage / Rate Plan
26 S.C. Code Regs. 103-690(C)(a)(4)**

As described previously Boomerang offers a local usage plan comparable to that offered by the ILEC in the Service Area for which it seeks designation as required by 26 S.C. Code Regs. 103-690(C)(a)(4).

**6. Equal Access
26 S.C. Code Regs. 103-690(C)(a)(5) and 47 C.F.R. § 54.202(a)(5)**

Boomerang will provide equal access to long distance carriers, to the extent to which it is able to do so³⁶. South Carolina requires an acknowledgement from a prospective ETC that it may be required to “provide equal access to long distance carriers in the event no other eligible telecommunications carrier is providing equal access within the designated service area.” 26 S.C.

³⁴ See Exhibit H.

³⁵ Federal-State Joint Board on Universal Service, First Report and Order, 12 FCC Rcd 8776 at ¶ 4 (1997) (“USF Order”).

³⁶ The FCC’s rules no longer require an applicant to acknowledge that the FCC may require it to provide equal access to long distance carriers. See *Lifeline and Linkup Reform Order*, p. 208, revised § 54.202(a).

Code Regs. 103-690(C)(a)(5) and 47 C.F.R. § 54.202(a)(5). See Affidavit of James T. Balvanz attached as **Exhibit “H.”**

**7. Universal Service Support
26 S.C. Code Regs. 103-690(C)(a)(6)**

As described earlier, Section 214(e)(1)(A) of the Act requires an ETC to offer the services supported by federal universal service support mechanisms throughout its designated service area “either using its own facilities or a combination of its own facilities and resale of another carrier’s services.”³⁷ As described earlier, Boomerang will provide wireless service through resale and is pursuing Blanket Forbearance from the FCC.

**8. Financial and Technical Showing
47 C.F.R. § 54.201(h)**

Boomerang has the financial and technical capability to provide Lifeline service. As part of the *Lifeline Reform Order*, the FCC amended its rules to require a carrier seeking designation as a Lifeline-only ETC to demonstrate that it is financially and technically capable of providing the supported Lifeline service in compliance with all of the low-income program rules.³⁸ Boomerang satisfies these criteria.

Boomerang generates substantial revenues from non-Lifeline services and has access to capital from its investors. Boomerang currently provides prepaid wireless services to more than 350,000 subscribers, including more than 50,000 retail customers. Consequently, the Company has not relied, and will not be relying exclusively on Lifeline reimbursement for its operating revenues. The Company has not been subject to enforcement sanctions or ETC revocation proceedings in any state. *See also* **Exhibit “D,”** p. 13-14.

Feb 6 2012) (“Lifeline Reform Order”).

V. DESIGNATION OF BOOMERANG AS AN ETC IN THE STATE OF SOUTH CAROLINA SERVES THE PUBLIC INTEREST CONSISTENT WITH THE FCC’S REQUIREMENTS AND 26 S.C. CODE REGS. § 103-690(C)(b)

The FCC has previously held that designating a competitor as an ETC in areas served by non-rural ILECs is *per se* in the public interest.³⁹ The Commission must determine that Boomerang’s designation is in the public interest by considering (1) the benefits of increased consumer choice and (2) the unique advantages and disadvantages of Boomerang’s service offering pursuant to 26 S.C. Code Regs. § 103-690(C)(b). These are the same factors used by the FCC.⁴⁰ Boomerang submits that the public interest benefits of designating Boomerang as an ETC include (1) a larger local calling area and expanded coverage area via multiple underlying carriers (as compared to traditional wireline carriers and single wireless carriers); (2) the convenience, portability, and security afforded by mobile telephone service; (3) the opportunity for customers to control cost by receiving a pre-set amount of flat-rate monthly airtime; (4) the ability to purchase additional low-cost usage at multiple convenient locations in the event that included usage has been exhausted; (5) the ability of users to use the supported service to send and receive “SMS” or text messages as well as the option to send data and access the public internet; and (6) 911 and, where available, enhanced 911 service in accordance with current FCC requirements. In addition, the inclusion of domestic telephone toll calling as a part of Boomerang’s flat-rate wireless offering allows consumers to avoid the risks of becoming burdened with significant and unexpected per-minute charges for domestic telephone toll and overage charges. These per-minute overruns form the basis of a substantial number of consumer complaints to state and federal regulators. Accordingly, Boomerang’s offerings will help to reduce this burden on public utility regulatory boards by obviating the cause for such complaints.

³⁹ See *Cellco Partnership*, 16 FCC Rcd, at 45.

⁴⁰ 47 U.S.C. § 54.202(c).

A. The Benefits of Increased Competitive Choice

The FCC has long acknowledged the benefits to consumers of being able to choose from a variety of telecommunications providers and the resulting variety of telecommunications services they provide.⁴¹ This is of particular interest in cases where wireless providers like Boomerang seek to provide service as an alternative to the ILEC. In the *Highland Cellular* case, the FCC recognized and affirmed that some households may not have access to the public switched network as provided by the ILEC.⁴² The availability of a wireless competitor benefits all consumers. The availability of a wireless competitor benefits consumers who routinely drive long distances to attend work or school or to accomplish everyday tasks such as shopping or attending community and social events. The wireless service offered by Boomerang will provide these consumers with a convenient and affordable alternative to traditional telecommunications service that can be used while at home and away from home.

Added together, Boomerang expects these additional competitive advantages to create an atmosphere that will cause many qualified consumers, at their option, to select Boomerang's low-income wireless Lifeline service in lieu of the more traditional wireline or wireless services.

Designation of Boomerang as an ETC also creates competitive pressure for other wireline and wireless providers within the proposed service areas. In order to remain competitive in low-income markets, therefore, all carriers will have greater incentives to improve networks, increase service offerings and lower prices. This results in improved consumer services and, consistent with federal law, benefits consumers by allowing Boomerang to offer the services designated for support at rates that are "just, reasonable, and affordable."⁴³

⁴¹ See e.g. Specialized Common Carrier Services, 29 FCC2d 870 (1971).

⁴² Federal-State Joint Bd. on Universal Serv., Highland Cellular, Inc., *Memorandum Opinion and Order*, 19 F.C.C.R. 6422 (2004).

⁴³ 47 U.S.C. § 254(b)(1).

B. Unique Advantages of Boomerang's Service Offerings

Boomerang will offer a unique, easy to use, competitive and highly affordable wireless telecommunications service, which it will make available to qualified consumers who either have no other service alternatives or who choose a wireless prepaid solution in lieu of more traditional services. Detailed information on Boomerang's service offerings was provided in a previous section. Boomerang's standard customer terms and conditions in connection with its wireless service offering can be found at www.boomerangwireless.com.

Boomerang's Lifeline service is available with no credit check, deposit requirement, minimum service periods, or early termination fees. These services will be an attractive and affordable alternative to all consumers, without regard to age, residency, or credit worthiness.

Designation of Boomerang as an ETC benefits the public interest of low-income consumers throughout Boomerang's Service Area. Approval of Boomerang's ETC Application will serve the public interest by increasing participation of qualified consumers in the Lifeline program in the State of South Carolina.

C. Impact on the Universal Service Fund

Designation of Boomerang as an ETC will not pose any adverse effect in the growth in the high-cost portions of the USF, nor will it create or contribute to an erosion of high-cost funding from any rural or non-rural telephone company. The FCC reaffirmed this position when it stated that "the potential growth of the fund associated with high-cost support distributed to competitive ETCs" is not relevant to carriers seeking support associated with the low-income program.⁴⁴

⁴⁴ Petition of TracFone Wireless, Inc. for Forbearance from 47 U.S.C. § 214(e)(1)(A) and 47 C.F.R. § 54.201(i), CC Docket No. 96-45, Order, 20 FCC Rcd 15095 (2005) ("TracFone Forbearance Order") at ¶ 17.

The FCC also recognized that the total effect of additional low-income-only ETC designations would have a minimal impact on the fund when it stated that “any increase in the size of the fund would be minimal and would be outweighed by the benefit of increasing eligible participation in the Lifeline program, furthering the statutory goal of providing access to low-income consumers.”⁴⁵ It is also vital to recognize that in the case of Lifeline support, an ETC receives USF support *only* for the customers it obtains. In the scenario where a competitive ETC obtains a Lifeline customer from another ETC, only the “capturing” ETC provides Lifeline discounts and as a result, only the “capturing” ETC receives support reimbursement.

Designation of Boomerang as an ETC benefits the public interest of low-income consumers throughout Boomerang’s Service Area. Approval of Boomerang’s ETC Application will serve the public interest by increasing participation of qualified consumers in the Lifeline program in the State of South Carolina. It will also increase the number of carriers eligible for federal USF support, thereby proportionately increasing the amount of federal USF dollars available to South Carolina consumers. Granting ETC status to Boomerang will contribute to more South Carolina residents receiving Lifeline, thereby increasing the amount of federal USF dollars flowing into and thereby benefiting South Carolina residents. In short, South Carolina residents will get more of their money back.

VI. ANNUAL REPORTING REQUIREMENTS

Consistent with the requirements of 47 C.F.R. § 54.422 (effective April 2, 2012) and with 26 S.C. Code Regs. 103-690.1 Boomerang will comply with the federal and state annual reporting requirements.

Pursuant to 26 S.C. Code Regs. 103-690(C)(a)(5) through (7), Applicant attaches **Exhibit**

⁴⁵ TracFone Forbearance Order, at ¶ 17.

“H,” an Affidavit and Certification signed by an officer of Boomerang.

VII. CONCLUSION

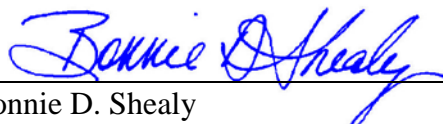

WHEREFORE, premises considered, having demonstrated herein that Boomerang satisfies all the conditions of eligibility necessary for designation as an ETC in South Carolina, and having shown that the public and universal service interests of the telecommunications consumers of the State of South Carolina will be properly served, Boomerang respectfully requests that the Commission promptly grant this Application and designate Boomerang Wireless, LLC as a wireless eligible telecommunications carrier.

BOOMERANG WIRELESS, LLC AMENDED COMPLIANCE PLAN

Boomerang Wireless, LLC d/b/a Ready Mobile ("Boomerang" or the "Company") is a prepaid wireless telecommunications carrier seeking designation as an eligible telecommunications carrier ("ETC") for the limited purpose of offering service supported by the Lifeline program.¹ Boomerang seeks to avail itself of the Federal Communications Commission's ("Commission") grant of forbearance from the "own-facilities" requirement contained in Section 214(e)(1)(A),² subject to certain conditions set forth in the Commission's Order released February 6, 2012.³ Specifically, the Commission provided that a carrier seeking to become a Lifeline-only ETC must comply with certain 911 requirements and file a compliance plan "providing specific information regarding the carrier's

¹ Boomerang currently has pending a petition for designation as a Lifeline-only ETC in certain states. *See* Petition of Boomerang Wireless, LLC for Designation as an Eligible Telecommunications Carrier in Alabama, Connecticut, Delaware, The District of Columbia, New Hampshire, New York, North Carolina, Tennessee and Virginia, WC Docket No. 09-197 (filed Dec. 29, 2010) ("Petition"). Boomerang seeks authorization to provide Lifeline-only service to residents of Tribal lands, as well. Boomerang respectfully requests to incorporate the commitments made herein into the pending Petition. Upon approval of this Compliance Plan, Boomerang will amend its Petition as necessary or appropriate to incorporate any additional voluntary commitments or Commission-imposed conditions. Boomerang will provide a copy of its amended petition to the affected Tribal governments and Tribal regulatory authorities, as applicable, in accordance with Commission rule 54.202. 47 C.F.R. §54.202.

service offerings and outlining the measures the carrier will take to implement the obligations contained in [the] Order.”⁴

Boomerang hereby submits a revised Compliance Plan outlining the measures it will take to implement the conditions set forth in the Order. This revised Compliance Plan is intended to replace the company’s Compliance Plan, filed on February 24, 2012. This Compliance Plan incorporates the guidance provided in the Wireline Competition Bureau’s later-released Public Notice regarding the submission of compliance plans,⁵ and to make explicit its desire and commitments to provide Lifeline-only service to residents of Tribal lands in compliance with the Commission’s new rules adopted in the *Lifeline Reform Order*.

Background

Boomerang is a wholly owned subsidiary of HH Ventures LLC, an Iowa company. Boomerang seeks ETC designation in order to provide handsets and domestic and international voice services to low-income customers using Sprint Nextel’s underlying digital wireless communications network. Boomerang also intends to provide Lifeline-only service to residents of Tribal lands.

Boomerang currently manages the wireless data platform for its sister company, Ready Wireless LLC, which is also a wholly owned subsidiary of HH Ventures LLC. The organizational chart attached hereto as Exhibit A shows the relationships among these companies. Ready Wireless LLC offers two wireless broadband services. Under the brand ReadyMobilePCS, the Company provides data access to consumers across the country via smart phone technology using recycled, web-enabled phones with broadband data plans. Under the brand ReadyBroadband, the Company also provides data access through devices such as laptops, notebooks, tower computers, and a wide array of other equipment. Both smart phones and access devices are provided with national

⁵ See Public Notice, Wireline Competition Bureau Provides Guidance for the Submission of Compliance Plans Pursuant to the *Lifeline Reform Order*, WC Docket Nos. 09-197, 11-42, DA 12-314 (rel. Feb. 29, 2012).

broadband coverage and distributed through national retail chains as well as sold on the Company's e-commerce site (www.readymobile.com).

Experienced in providing broadband data access to consumers across the country, Boomerang desires to participate⁶ in the Broadband Pilot Program being initiated by the Commission in accordance with the National Broadband Plan.⁷ Boomerang is already poised to play a part in achieving the Commission's goal of expanding broadband access to low-income consumers.

Because the Company already has in place nationwide distribution channels and activation processes, it is ready to offer broadband access services to low income consumers. The Company has competitive billing plans for smart phones and other devices, including the ability to bundle data services on smart phones along with voice and text services. Because of the Company's established multi-channel, multi-partner approach, it has the ability to reach eligible consumers throughout the country. In addition, Boomerang will advertise the availability and prices of its services through a variety of mediums, including online advertising, direct marketing campaigns, print advertising, event-based distribution, seminars, lectures, pamphlet distribution, and meetings with government agencies.

Compliance Plan

This Compliance Plan describes the specific measures that Boomerang intends to implement to achieve the objectives of the Commission's Lifeline rules and policies.

I. Policy

Boomerang will comply with all certification and verification requirements for Lifeline eligibility set forth in the Order; the Commission's Lifeline rules and policies; the requirements, rules and policies governing the provision of Lifeline service to eligible subscribers residing on reservations

⁶ Boomerang has expressed its interest in participating in the program previously in meetings to discuss Boomerang's Petition. See Letter from Michael P. Donahue, Marshlian & Donahue, LLC, Counsel for Boomerang Wireless, LLC, to Marlene H. Dortch, Secretary, Federal Communications Commission (Feb. 10, 2012).

or Tribal lands; the provisions of this Compliance Plan; and all laws and regulations governing Boomerang's provision of Lifeline-supported prepaid wireless services to customers throughout the United States.

II. Unrestricted Access to Basic and E911 Services and Certification of Such Access

In the Order, the Commission stated that forbearance from the "own-facilities" requirement is conditioned on a carrier seeking limited ETC designation "providing its Lifeline subscribers with 911 and E911 access, regardless of activation status and availability of minutes [and] providing its Lifeline subscribers with E911-compliant handsets and replacing, at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services" starting on the effective date of the Order.⁸ Moreover, wireless resellers have an independent obligation to provide access to basic and E911 service, to the extent that the underlying facilities-based licensee has deployed the facilities necessary to deliver E911 information to the appropriate Public Safety Answering Point.⁹ Resellers also have an independent obligation to ensure that all handsets or other devices offered to their customers for voice communication are location capable.¹⁰

The Commission and consumers are hereby assured that all Boomerang Lifeline customers will have available access to emergency calling services at the time that Lifeline service is initiated and that such 911 and E911 access will be available from Boomerang handsets regardless of the activation status and availability of minutes. Further, Boomerang will ensure that all handsets used in connection with the Company's Lifeline service offering are E911-compliant. In the event that an existing Boomerang customer does not have an E911-compliant handset, the Company will replace it with a new 911/E911 compliant handset at no charge to the customer. Any new customer who

¹⁰ See *id.*

qualifies for and enrolls in the Lifeline program is assured of receiving a 911/E911 compliant handset as well.

III. Certification and Verification of Lifeline Customers' Eligibility

Boomerang proposes the following Compliance Plan to implement the certification and verification conditions outlined in the Order. Boomerang intends to keep these measures in effect until the Commission implements its planned national eligibility database.

A. Policy

Boomerang will comply with all certification and verification requirements for Lifeline eligibility established by states where it is designated as an ETC. In states where there are no state-imposed requirements, no established rules or procedures in place, or in states that do not mandate Lifeline support, Boomerang will obtain certification of eligibility at the outset and will verify consumers' Lifeline eligibility in accordance with the Commission's requirements. Boomerang shares the Commission's concerns about the potential abuse of the Lifeline program and is thus committed to the safeguards stated herein, with the belief that these procedures will prevent Boomerang's customers from engaging in such abuse of the program, inadvertently or intentionally.

B. Certification Procedures

Boomerang will implement certification procedures that enable consumers to demonstrate their eligibility for Lifeline assistance to Boomerang employees or agents by contacting the Company in person or via telephone, facsimile or the Internet. At the point of sale, consumers will be provided with printed information describing Boomerang's Lifeline program, including eligibility requirements, and with instructions for enrolling. Consumers will be enrolled in person or directed, via company literature, collateral or advertising, to a toll-free number and to the Company's website, which will contain a link to information regarding the Company's Lifeline service plans, including a detailed description of the program and state-specific eligibility criteria. Boomerang's application form will identify that it is a "Lifeline" application. Except in states in which applicants are enrolled through a designated state agency, Boomerang will have direct contact with all customers applying

for Lifeline service, either in person through its employees, agents or representatives, or via the telephone (including facsimile) or mail. Boomerang will provide Lifeline-specific training to all personnel, whether employees, agents or representatives, who interact with actual or prospective consumers with respect to obtaining, changing or terminating Lifeline services.

Boomerang personnel will take steps to ensure that applicants are eligible to participate in the Lifeline program. All personnel who interact with current or prospective customers will be trained to assist Lifeline applicants in determining whether they are eligible to participate based on state-specific income-based or program-based criteria. These personnel will be trained to answer questions about Lifeline eligibility, and will review required documentation to determine whether it satisfies state-specific eligibility requirements using state-specific checklists. Boomerang will establish policies and procedures to review such documentation and keep accurate records detailing how the consumer demonstrated his or her eligibility, including collecting information on the enrollment form about what documentation the applicant presented to demonstrate program-based or income-based eligibility. Where Boomerang personnel conclude that proffered documentation is insufficient to establish such eligibility, Boomerang will deny the associated application and inform the applicant of the reason for such rejection. In the event that Boomerang personnel cannot ascertain whether documentation of a specific type is sufficient to establish an applicant's eligibility, the matter will be escalated to supervisory personnel at Boomerang's corporate headquarters.

Consumers who do not complete the application process in person must return the signed application and supporting documentation to the Company by mail, fax, email or other electronic transmission. The Company will accept electronic signatures that meet the requirements of the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. §§ 7001-7006, and any applicable state laws, and may verify consumers' signatures via interactive voice response (IVR) systems. Processing of consumers' applications, including review of all application forms and relevant documentation, will be performed under the Company's supervision by managers experienced in the administration of the Lifeline program.

The enrollment form will include a place where the applicant must certify by his or her signature under penalty of perjury that the applicant meets the relevant criteria and that the applicant's representations are true and correct.¹¹ Applicants will also be required to initial a number of disclosure statements intended to ensure that the applicant understands applicable eligibility requirements—including a statement to the effect that to the best of his or her knowledge, the applicant is not receiving Lifeline-supported service from any other Lifeline provider. Penalties for perjury will be clearly stated on the certification form. The certification will also contain language stating that a violation of the one-per-household requirement constitutes a violation of the Commission's rules and will result in the consumer's de-enrollment from the program, and could result in criminal prosecution by the United States government. Although the exact wording of the disclosure statements described above may vary on a state-by-state basis, depending on state-specific requirements or consultations with relevant state agencies, Boomerang plans for the disclosures to be consistent with the following statements:

____ The information contained within this application is true and correct. I acknowledge that providing false or fraudulent documentation in order to receive assistance is punishable by law.

____ I understand that Lifeline is only available for one phone line per household, whether landline or wireless. To the best of my knowledge, no one in my household is receiving Lifeline service. I will only receive Lifeline from Boomerang and no other landline or wireless telephone company.

____ I am not currently receiving a Lifeline telephone service from any other landline or wireless telephone company.

____ I will not transfer my service to any other individual, including another eligible low-income consumer.

____ I understand that I may be required to verify my continued eligibility for Boomerang's Lifeline service at any time and that failure to do so will result in termination of Lifeline benefits.

____ I will notify Boomerang immediately if I no longer qualify for Lifeline or if I have a question as to whether I would still qualify.

¹¹ A copy of Boomerang's proposed enrollment and certification form is attached at Exhibit B.

In accordance with Order, Boomerang will not retain copies of eligibility documentation, but rather will maintain accurate records detailing how the customer demonstrated his or her eligibility. Boomerang will check the eligibility of consumers seeking to enroll in Lifeline either by accessing electronic eligibility databases, where available, or by reviewing documentation from the consumer demonstrating his or her eligibility for Lifeline service. Where the Company is able to access a state or federal database to make determinations about customer eligibility, the Company or its representative will note in its records what specific data was relied upon to confirm the consumer's initial eligibility for Lifeline. In instances where a state agency or third-party administrator is responsible for the initial determination of consumer eligibility, Boomerang will rely on the state identification or database.

Boomerang personnel will assist applicants in determining whether they are ineligible to participate in the Lifeline program because a member of the applicant's household already is benefiting from a Lifeline discount. Boomerang will establish safeguards to prevent subscribers from receiving multiple Lifeline subsidies at the same address and individual subscribers from receiving more than one Lifeline discount. Boomerang personnel will explain in prominent, plain, easily comprehensible language to all new and potential subscribers that no consumer is permitted to receive more than one Lifeline subsidy. Boomerang will emphasize the one-per-household restriction in its contacts with potential customers. Boomerang personnel also will inform each Lifeline applicant that he or she may be receiving Lifeline support under another name, and facilitate the applicant's understanding of what constitutes "Lifeline-supported service," and ability to determine whether he or she is already benefiting from Lifeline support, by identifying the leading wireline and leading two wireless Lifeline offerings in the relevant market by brand name.

Boomerang's Lifeline application forms will require each applicant to provide his or her name and primary residential address and a billing address for the service if the consumer's billing address differs from his or her residential address. The application form will clearly state that Lifeline participants must provide their new address to the Company within 30 days of moving. Boomerang

will incorporate this information into its customer information database. Prior to initiating service for a customer, the Company will check the address of each Lifeline applicant against its database to determine whether or not it is associated with a customer that already receives Boomerang Lifeline service, and will then review the application to ascertain whether the applicant is attempting to receive Lifeline-supported service for more than one handset associated with the address. If Boomerang determines that an individual at the applicant's residential address is currently receiving Lifeline-supported service, the Company will take an additional step to ensure that the applicant and the current subscriber are part of different households. In order to make this demonstration, Boomerang will require applicants to complete and submit to the Company a written document that will be developed by USAC as directed by the Commission in the Order. Boomerang will deny the Lifeline application of any such individual residing at the same address as a current Lifeline subscriber who is part of the same household and will advise the applicant of the basis for the denial.

Prior to requesting a subsidy, Boomerang will process and validate its subsidy data to prevent duplicate same-month Lifeline subsidies. Any household that is already receiving a Lifeline subsidy will automatically be prevented from receiving a second lifeline subsidy in that same month. Boomerang will immediately de-enroll any subscriber whom Boomerang knows is receiving Lifeline-supported service from another ETC or knows is no longer eligible.

C. Procedures for Verification of Ongoing Consumer Eligibility

As required by the Commission's Order, Boomerang will require every customer enrolled in the Lifeline program to verify on an annual basis that he or she receives Lifeline-supported service only from Boomerang and, to the best of his or her knowledge, no one else in the subscriber's household is receiving a Lifeline-supported service.¹² Boomerang will recertify the eligibility of its Lifeline subscriber base as of June 1, 2012 by the end of 2012 and report the results to USAC by

¹² A copy of Boomerang's re-certification form is attached at Exhibit B.

January 31, 2013.¹³ Boomerang will submit all required information to the relevant Tribal governments, as applicable, including its aggregated re-certification data and annual re-certification results for subscribers residing on reservations or Tribal lands. This re-certification may be done on a rolling basis throughout the year. Where ongoing eligibility cannot be determined through access to a qualifying database either by the Company or the state, and there is no state administrator verifying the continued eligibility of Lifeline subscribers, the Company will recertify the continued eligibility of all of its subscribers by contacting them—either in person, in writing, by phone, by text message, by email, or otherwise through the Internet—to confirm their continued eligibility. Such certifications may be obtained through a written format, an IVR system, or a text message, in accordance with the Order.¹⁴ In states where a state agency or a third party has implemented a database that carriers may query to recertify the consumer's continued eligibility, the Company (or state agency or third party, where applicable) will instead query the database and maintain a record of what specific data was used to re-certify eligibility and the date of recertification.

Boomerang will notify each of its Lifeline consumers by mail that he or she must confirm his or her continued eligibility in accordance with the applicable requirements. The notice will explain the actions the customer must take to retain Lifeline benefits, when Lifeline benefits may be terminated, and how to contact Boomerang. Boomerang will provide written notice of impending service termination to subscribers who do not respond to the annual re-certification within 30 days. Any subscriber who does not respond to the impending termination letter within 30 days to demonstrate that his or her Lifeline service should not be terminated will be de-enrolled from the Company's Lifeline program.

¹³ Order ¶ 130.

¹⁴ See *id.* ¶¶ 130, 132.

IV. Additional Measures to Prevent Waste, Fraud and Abuse

A. Usage Requirement

Boomerang will implement a non-usage policy whereby it will de-enroll Lifeline customers that have not used the Company's Lifeline service for 60 days. Boomerang will notify its subscribers at service initiation about the non-transferability of the phone service, its usage requirements, and the de-enrollment and deactivation that will result following non-usage in any 60-day period of time. If no usage appears on a Boomerang Lifeline customer's account during any continuous 60-day period, Boomerang will deactivate Lifeline services for that customer. An account will be considered active if during any 60-day period the authorized subscriber does at least one of the following: makes a monthly payment; purchases minutes from Boomerang to add to an existing pre-paid Lifeline account; completes an outbound call; answers an incoming call from anyone other than Boomerang, its representative, or agent; or affirmatively responds to a direct contact from Boomerang confirming that he or she wants to continue receiving the Lifeline-supported service.

B. Consumer Education with Respect to Duplicates

In addition to its verification and certification procedures, and to better ensure that customers understand the Lifeline service restrictions with respect to duplicates, Boomerang will implement measures and procedures to prevent duplicate Lifeline benefits being awarded to the same household.

Specifically, Boomerang personnel will emphasize the one-per-household restriction in their direct sales contacts with potential customers. Boomerang will also reinforce the one-Lifeline-phone-per-household limitation in its marketing materials. The Company will emphasize in plain, easily comprehensible language that: (1) Lifeline is a federal benefit; (2) Lifeline service is available for only one line per household; (3) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses; and (4) a household is not permitted to receive Lifeline benefits from multiple providers. Boomerang will also include in its marketing materials substantially the following language in clear,

easily understood language: the offering is a Lifeline-supported service; that only eligible consumers may enroll in the program; what documentation is necessary for enrollment; and the program is limited to one benefit per household, consisting of either wireline or wireless service. Finally, Boomerang will disclose the company name under which it does business and the details of its Lifeline service offerings.

V. Lifeline Offering

Boomerang will offer its Lifeline service in the states where it is designated as an ETC and throughout the coverage area of its underlying carriers (Sprint, Verizon, or other GSM provider). The Company's Lifeline offering will provide eligible customers with the following three Lifeline plans: (1) 68 units that rollover where 1 minute equals 1 unit and 3 texts equal 1 unit, (2) 125 units that rollover where 1 minute equals 1 unit and 1 text equals 1 unit, and (3) 250 units without rollover where 1 minute equals 1 unit and 1 text equals 1 unit. Customers will have the capability of purchasing additional bundles of minutes in the following denominations:

Denomination	\$5.00	\$10.00	\$10.00	\$15.00	\$15.00	\$30.00	\$30.00	\$50.00	\$7.00	\$20.00	\$30.00

In addition to free voice services, Boomerang's Lifeline plans will include a free handset and the following features: caller ID, call waiting and voicemail.

As a provider of Lifeline services to residents of Tribal lands, Boomerang will pass through the full Tribal support amount to qualifying residents of Tribal lands, and under no circumstances will it collect from the Universal Service Fund more than the rate charged to Tribal subscribers.

VI. Demonstration of Financial and Technical Ability to Provide Lifeline Services

Revised Commission Rule 54.202 requires carriers seeking designation as a Lifeline-only ETC demonstrate their technical and financial capacity to provide the supported service. Among the factors that the Commission will consider are whether the applicant previously offered services to non-Lifeline consumers, how long the applicant has been in business, whether the applicant intends to rely exclusively on USF disbursements to operate, whether the applicant receives or will receive revenue from other sources, and whether it has been subject to enforcement action or ETC revocation proceedings in any state.

Boomerang's parent company has been providing prepaid wireless telecommunications services to non-Lifeline subscribers since 2008. Boomerang currently provides prepaid wireless services to more than 350,000 subscribers, including more than 50,000 retail customers. Boomerang does not intend to rely exclusively on USF disbursements to operate, as it receives revenue from providing other services, including managing the platform of its sister company, as described above. For the 2011 calendar year, Boomerang and its sister company generated no revenues from Lifeline services, 17% of revenue was generated from wireless resale services, 52% of revenue was generated from wireless retail services, and 31% of revenue was generated from other non-regulated telecom services. Boomerang has not been subject to enforcement actions or ETC revocation proceedings in any state.

Boomerang certifies that it will comply with all of the requirements of newly amended Commission Rule 54.202. Section 54.202 requires that an ETC demonstrate its "ability to remain functional in emergency situations, including a demonstrate that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations." Boomerang will remain functional in emergencies. Boomerang, as well as its underlying carrier, Sprint, have created back-up systems to ensure full functionality in the event of a loss of power or network functionality. And, Boomerang's switching facilities are housed in a carrier-class

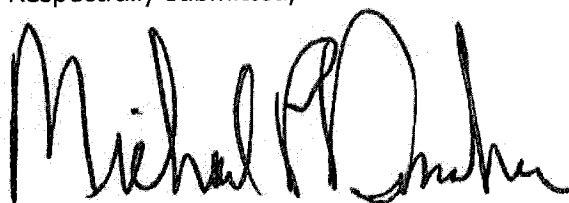

data center with fully redundant power and HVAC, a controlled temperature and humidity environment, fire-threat detection and suppression, year-round critical monitoring and secure access with biometric security. The facility features redundant generators and redundant fiber optic connectivity. The data center is a reinforced concrete building located in a secure area and collocated with the area electrical utility headquarters. It is powered from separate paths independent of any one electrical generation plant. All systems within the facility are implemented on redundant servers, each with redundant data network and power.

Section 54.202 also requires ETC applicants to demonstrate that they will satisfy applicable consumer protection and service quality standards. Boomerang hereby commits to comply with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service.

Conclusion

Boomerang's Compliance Plan meets the conditions set forth in the Order and promotes public safety by ensuring that Lifeline customers have access to 911 and E911 service. Boomerang requests that the Commission approve the Company's Compliance Plan and grant its pending ETC Petition so that Boomerang may begin providing the benefits of Lifeline service to qualifying low-income consumers.

Step 3: Authorization (check one):

<input type="checkbox"/> I authorize Boomerang Wireless to be my cellular phone carrier for the number listed above. I will terminate any pre-existing lifeline service in lieu of the Lifeline discounts provided by Boomerang Wireless.
<input type="checkbox"/> I am not eligible for the Lifeline discounts at this time because I am receiving service from another carrier.

Step 4: Signature (read, initial & sign):

____ (init) I attest under penalty of perjury that the information herein is true and correct to the best of my knowledge. I understand that Lifeline is a federal government benefit program and that willfully making false statements in order to obtain this benefit can be punished by fine or imprisonment or I may be barred from the program.

____ (init) My household is receiving no more than one Lifeline-supported service. Lifeline service is available for only one subscription per household. A household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits from multiple providers. I understand that violation of the one-per-household requirement constitutes a violation of the FCC's rules and will result in my de-enrollment from the program, and could result in criminal prosecution by the United States government.

____ (init) I understand that I must notify Boomerang Wireless and provide my new address within 30 days of moving.

____ (init) If I do not have a permanent address and have supplied instead a temporary address above, I understand that Boomerang Wireless will attempt to verify every 90 days that I continue to rely on that address, and that I must notify Boomerang Wireless within 30 days of my new address after moving. If I do not respond to Boomerang Wireless' address verification attempts within 30 days, I understand that I may be de-enrolled from Boomerang Wireless' Lifeline service.

____ (init) I understand that I must notify Boomerang Wireless within 30 days if (1) I cease to participate in a federal or state qualifying program or my annual household income exceeds 135 percent of the federal poverty guidelines; (2) I receive more than one Lifeline-supported service; or (3) I for any other reason no longer satisfy the criteria for receiving Lifeline support. I understand that I will be subject to penalties if I fail to follow this notification requirement, including being de-enrolled from the Lifeline program.

____ (init) I understand and acknowledge that Lifeline service is a non-transferable benefit and that I may not transfer my service to any other individual, including another low-income consumer.

____ (init) I acknowledge that I will be required to re-certify my eligibility for Lifeline benefits annually, and I may be required to re-certify my continued eligibility for Lifeline at any time, and that failure to do so will result in the termination of my Lifeline benefits.

Terms Of Service

Boomerang Wireless Terms and Conditions for Communication Services Effective as of February 1, 2012, until replaced.

Thank you for choosing Boomerang Wireless. These terms and conditions are part of your agreement with Boomerang Wireless for Mobile Services. **For the current version of the terms and conditions, please visit our website at www.boomerang-wireless.com or call Customer Service at 1-800-516-0414** terms and conditions included with your Mobile phone may not be the most current version. If you activated Mobile Services before the effective date of these terms and conditions, these terms and conditions replace and supersede any previous terms and conditions. If you have questions about your Boomerang Wireless Services, call Boomerang Wireless Customer Service at 1-800-516-0414 or visit our Web site at www.boomerang-wireless.com. Your agreement ("Agreement") between Boomerang Wireless and any of its affiliates doing business as Boomerang Wireless providing mobile phone services ("Services") to you is made up of these terms and conditions of service ("Terms"). We use the words "we," "us" or "our" to refer to Boomerang Wireless and its affiliates doing business as Boomerang Wireless. When you activate Services or attempt to use our Services (including, without limitation, attempting to place a call) you accept the Agreement.

Provision of Service: Your free phone or purchased digital mobile phone or other equipment does not mean that we must provide Services to you. We may not be able to provide Services to you for any lawful reason. We may request that you provide us with any information we reasonably require to determine whether you are eligible under federal guidelines for Services. Services in some areas are managed and provided under contract with Boomerang Wireless by independent affiliates to our network provider. Some Services may not be available or may operate differently in certain affiliate markets.

Changes to Agreement: We may change this Agreement at any time. Any changes to the Terms are effective when we publish the revised Terms. If you use Services or make any payment to us on or after the effective date of the changes, you accept the changes. If you do not accept the changes, you may terminate Services. For purposes of the Agreement, "use" includes keeping the right to access the Boomerang Wireless Coverage Area by not terminating Services. You may not modify the Agreement.

Use of Services and Equipment; Availability: Services and equipment may not be used for any unlawful, fraudulent or abusive purpose. Boomerang Wireless service is for personal use only. By requesting Services, you agree that you will not use Services and equipment in any unlawful, fraudulent or abusive manner. Service may not be used in a manner that interferes with other Boomerang Wireless customers use of the service. Service levels of other customers may be affected when users place abnormally high numbers of calls, send or receive very high numbers of messages, or repeatedly make calls of abnormally long duration with other Boomerang Wireless customers. Atypical usage of this type suggests that a mobile phone is being used for other than personal usage and in violation of Boomerang Wireless Terms of Service. Services are strictly for live dialog between two individuals. Services may not be used for monitoring services, data transmissions or other connections that do not consist of live dialog between two individuals. Services are available within the operating range of the Boomerang Wireless Coverage Area. Coverage and quality of Services may be affected by conditions within or beyond our control, including atmospheric, geographic, or topographic conditions. We do not guarantee that there will be no interruptions or delays in Services. Your Boomerang Wireless phone will not accept the services of any wireless provider other than Boomerang Wireless. Services may not be used for monitoring services, data transmissions or other connections that do not consist of live dialog between two individuals. Services are available within the operating range of the Boomerang Wireless Coverage Area. Coverage and quality of Services may be affected by conditions within or beyond our control, including atmospheric, geographic, or topographic conditions. We do not guarantee that there will be no interruptions in Services. Your Boomerang Wireless phone will not accept the services of any wireless provider other than Boomerang Wireless.

Phone Number: We assign telephone numbers and other personal identifiers in connection with the Services. Unless we provide you advance notice, you have no proprietary right to any such identifiers, and we reserve the right to change them upon notice to you. You do not have any property right to your phone number. Your phone number may be changed or reassigned. In the event that you become entitled to transfer a personal identifier to another party to obtain any Services we provide you, we reserve the right, prior to honoring the request for transfer, to charge a fee for the transfer and to collect any money owed by you for Services and Equipment.

Charges: You will receive free airtime as part of your Boomerang Wireless service. Airtime is used in one-minute increments and any fraction of a minute is up and charged at the full minute rate; calls are measured from the time the network begins to process the call (before the phone rings or the call is answered) to the termination of the call. You may also choose to add Airtime through a Top Up card or other commerce channel. This airtime may be invalidated if not paid to the retailer. Directory assistance calls will be billed at \$1.95 plus airtime. For most forms of wireless Service, your usage will be charged from the time you first contact between your phone or other wireless device and the network until the network connection is broken, whether or not you are successful in connecting to the service with which you seek to connect, even if the connection is later broken or dropped. Your account is not charged for voice calls that are not completed. Your account is charged for completed calls to your Number from the time shortly before the phone starts ringing until the call is terminated by either party.

Phones and Other Equipment: Phones and other equipment may be provided at no charge to you as part of the Boomerang Wireless offering. Phones and other equipment may also be purchased and returned as provided in the purchase documents. We are not the manufacturer of the phones or other equipment. The warranties on the phones or other equipment are any limited warranties extended by the manufacturers. We have no liability in connection with the phones or other equipment or for the manufacturers' acts or omissions.

Lost or Stolen Equipment: If your phone or other equipment is lost or stolen, you must notify us by calling Boomerang Wireless Customer Service. You are responsible for all charges for Services provided to the Number for the lost or stolen equipment. We will deactivate Services to the Number upon notification of any loss or theft. If the equipment is later found, we may require that you exchange it for another phone or other equipment before we reactivate Services (if we reactivate Services), as well as require you to pay a reactivation fee. We will deactivate Services to any Number without prior notice to you if we suspect any fraudulent use of the Number. You agree to cooperate reasonably with us in investigating suspected unlawful or fraudulent use.

Caller ID: Caller ID display on incoming calls to your Number depends on receiving the information from the calling party. Pay-Per-Call Service: Boomerang Wireless will not complete calls from your Number to 900, 976 and similar numbers for pay-per-call services.

Limitation of Liability: Except as otherwise provided in this section, our sole liability to you for any loss or damage arising out of providing or failing to provide Services (including mistakes, omissions, interruptions, delays, errors, or defects) does not exceed (1) in cases related to a specific piece of equipment, the purchase price of the Services to the piece of equipment during the affected period, or (2) in cases not related to a specific piece of equipment, the prorated Services to you during the affected period.

Neither we nor our vendors, suppliers or licensors are liable for any damage arising out of or in connection with:

- any act or omission of any telecommunications service or other service provider other than us;
- any directory listing;
- any dropped calls or inability to place or receive calls;

- any interruption of Services, including interruptions caused by equipment or facilities failure or shortages, transmission limitations or system capacity limitations; or
- traffic or other accidents, or any health-related claims allegedly arising from the use of Services, phones, equipment or accessories used in connection with Services;
- any late or failed message delivery;
- any interruption or failure of 911 or E911 emergency services or identification of the Number, address or name associated with any person accessing or attempting to access emergency services from your phone;
- the installation or repair of any products or equipment by parties who are not our authorized employees or agents;
- events due to factors beyond our control, including acts of God (including, without limitation, weather-related phenomena, fire or earthquake), war, riot, or orders of governmental authority;
- any act or omission of any third party or independent contractor that offers products or services in conjunction with or through the Services; or your negligent intentional act or omission.
- **NO CONSEQUENTIAL OR OTHER DAMAGES:** UNDER NO CIRCUMSTANCES ARE WE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SPECIAL DAMAGES OF ANY NATURE WHATSOEVER ARISING OUT OF OR IN CONNECTION WITH PROVIDING OR FAILING TO PROVIDE SERVICES, INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOSS OF BUSINESS, OR COST OF REPLACEMENT PRODUCTS AND SERVICES. THIS SECTION SURVIVES TERMINATION OF THIS AGREEMENT.

Indemnification: You indemnify and defend us, our partners, directors, officers, employees and agents from and against any claim, action, damage, liability or expense arising out of or in connection with: (1) your acts or omissions that occur in connection with your use of the Services or equipment used in connection with the Services, and (2) any communications you make or receive using the Services. This indemnification extends to and includes any attorney's fees and costs incurred by us arising from any actions or claims to which this indemnification applies, or from the contesting of the applicability of this provision. This section survives termination of this Agreement.

Arbitration: Any dispute arising out of the Agreement or relating to the Services and Equipment must be settled by arbitration administered by the American Arbitration Association in Des Moines, Iowa. Information regarding this procedure may be found at www.adr.org. Each party will bear the cost of preparing and prosecuting its case. We will reimburse you for any filing or hearing fees to the extent they exceed what your court costs would have been if your claim had been resolved in a state court having jurisdiction. The arbitrator has no power or authority to alter or modify the Agreement, including the foregoing Limitation of Liability. All claims must be arbitrated individually, and there will be no consolidation or class treatment of any claims. This provision is subject to the Federal Arbitration Act.

Governing law: This Agreement is governed by and must be construed under federal law and the laws of the State of Iowa, without regard to choice of law. You agree to submit yourself to the personal jurisdiction of the courts in the State of Iowa.

Notices: You may get our current address for written notice by calling Boomerang Wireless Customer Service. Written notice is deemed delivered 3 days after in the U.S. mail, postage prepaid, and properly addressed. Unless required by this Agreement or Applicable Laws, (1) you may notify us by calling Boomerang Wireless Customer Service, and (2) we may notify you by leaving a message for you on your Boomerang Wireless Phone, answering machine or with your e-mail service. Notice addresses may be changed by giving notice as provided in this section.

General: If either of us does not enforce any right or remedy available under this Agreement, that failure is not a waiver of the right or remedy for any other failure by the other party. Our waiver of any requirement in any one instance is not a general waiver of that requirement and does not amend this Agreement. No part of this Agreement is held invalid or unenforceable, that part is interpreted consistent with applicable laws as nearly as possible to reflect the original intent of the parties and the rest of this Agreement remains in full force and effect. You may not assign this Agreement to any other person or entity without our prior written approval. This Agreement (including any referenced documents and attachments) makes up the entire agreement between you and us and replaces all prior spoken agreements, representations, promises or understandings between you and us. The provisions of this Agreement that are contemplated to be enforced survive termination of this Agreement.

Copyright and Trademark: Trademarks, product names, and company names and logos appearing on Boomerang Wireless are the property of their respective owners. Users must obtain permission from Boomerang Wireless before copying or using the owner's trademarks, product names and company names and logos.

SERVICE, Prepaid Services: Upon certification of eligibility, and continuing eligibility, you will receive free voice services. This positive account balance will expire every 30 days on the anniversary of your service activation. You may also elect to purchase additional services, including additional voice minutes, text plan: When purchasing prepaid services, you are responsible for prepaying all charges for using the service. The balance in your prepaid account is reduced by the amount attributable to your use of the service. You must keep a positive balance in your prepaid account to continue using the service. Anyone who purchases or uses the service, with or without the purchaser's consent is considered a user and subject to the terms and conditions.

Service Limits and Coverage Maps: Service is available to your handset only when it is within the range of our system or of an operator with which we have an applicable agreement. Coverage maps you may have viewed are only estimates; actual service coverage and service quality may vary, and are not guaranteed by the terms and conditions.

Misuse of Service: You have certified your eligibility to receive free services under the federally funded Lifeline program. If your eligibility to participate in the program changes, you agree to immediately notify Boomerang Wireless at 1-800-516-0414. You agree not to use the service or modify your handset in any fraudulent, harassing, or abusive purpose, or in such a way as to create damage or risk to our business. Service is provided at our discretion and if terms and conditions are violated we can terminate your wireless service without any further notification or obligation to you. All rates and fees are subject to change without notice. Service provided is subject to our business policies, which can change without notice. Visit www.boomerang-wireless.com for current rates and information. For Customer Care, call 1-800-516-0414. To dispute charges you must notify us within 15 days of the date of the disputed call. Terms and conditions can be modified without notice. Visit www.boomerang-wireless.com for current terms and conditions.

Exchange Policy; Disputes: Defective handsets or other defective equipment provided at no cost to you may be eligible for exchange. This policy does not cover breakage caused by customer negligence or water damage. Note that the exchange policy, including the number of days for exchange, may be changed without notice and the policy may not apply to certain products. To exchange a defective handset, please call Customer Service at 1-800-516-0414 to obtain a Return Authorization and shipping instructions. You must return the product at your expense, complete with all accessories that came with the handset, in the original box with all original and package inserts within 30 days of your purchasing the handset. Upon Boomerang Wireless's receipt of the returned product, Boomerang Wireless will ship a replacement handset. Any other disputes should be handled by Customer Service. If you do not dispute any charge on your account prior to its going inactive within 30 days of the date of the receipt, whichever comes first, you give up your right to dispute.

No Warranties by Boomerang Wireless: BOOMERANG WIRELESS MAKES NO EXPRESS REPRESENTATIONS OR WARRANTIES ABOUT ITS SERVICES AND DISCLAIMS ANY IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. BOOMERANG WIRELESS DOES NOT AUTHORIZE ANYONE TO MAKE A WARRANTY OF ANY KIND ON ITS BEHALF AND YOU MAY NOT RELY ON ANY STATEMENT OF WARRANTY.

Limitation of Liability: Neither Boomerang Wireless nor any of its affiliates, nor the directors, employees or other representatives of any of them are liable for damages arising out of or in connection with the use of the products or services. This is a comprehensive limitation of liability that applies to all damages of every kind, including compensatory, direct, indirect or consequential damages, loss of data, income or profit, loss of or damage to property and claims of third parties.

Termination of Access: Boomerang Wireless may terminate your access without notice, for any conduct that Boomerang Wireless, in its sole discretion, believes to be harmful to individual users, Boomerang Wireless or any of its affiliates, or any rights of Boomerang Wireless or any third party, or to violate applicable law.

Change in User Agreement: Boomerang Wireless may modify this User Agreement at any time by posting the revised agreement on the website. Any revised Agreement is effective upon the user accessing the website.

Personally appeared before me James T. Balvanz, who, being first duly sworn, deposes and states the following:

2. On behalf of Boomerang, I certify and assert the following:

b. Boomerang will provide Lifeline service in a timely manner throughout the designated service area upon reasonable request of an eligible customer;

c. Boomerang acknowledges that the Federal Communications Commission may require Boomerang to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the service area;

d. Boomerang will offer the services that are supported by the federal universal service support mechanisms by using resale of another carrier's services;

e. Boomerang will advertise in a media of general distribution the availability of such services, including lifeline services and the applicable charges; and

f. Boomerang will provide service within a reasonable period of time, if the potential customer is within its licensed service area but outside its existing network coverage, if service can be provided at reasonable costs.
